

Board of Trustees  
Pelham Public Library  
November 6, 2013 Meeting Minutes

Call to Order: The meeting was called to order by Carolyn Thompson at 6:10 PM.

Members present: Carolyn Thompson, Lori Adams, Robert Atwood

Others present: Corinne Chronopoulos, Director

This meeting was called in order to create and approve an email to the Board of Selectmen regarding the internet filter being removed from all Library computers on October 24, 2013 when our most recent follow up request was to only have the wording change when a pop up filter message appears on the screen. We were also informed that because the filter was removed that the BOT/Library would be held responsible for any computer cost repairs. How does this affect the Library's Technology Plan with the town?

There is some miscommunication between the BOT and the town. Back in January 2013, the BOT had requested the removal of filters as the board or the library was never made aware that a filter was put in place. The filter was removed but then later put back in place per the Board of Selectmen's request. The BOT sat with Victor (Technology Specialist for the town) in April 2013 and he explained the reason for the filter. At that time the BOT created a message they would like when a website is being blocked.

A letter was scribed and will be emailed to the BOS, Town Manager to hopefully clear up any questions as well as a request to be put on the agenda for an upcoming BOS meeting.

Public Meeting Adjourned: The meeting was adjourned by Carolyn Thompson, at 6:25 PM.

Respectfully submitted,

*Carolyn Thompson*

Carolyn Thompson, Chair
